Hi Gary,

I was unable to do Method 9 observations on 10/24/13 through 10/27/13, the Power House was down due to mechanical reasons. The Power House was brought up late last night. I will start observations and continue to do so starting today.

Any questions, you can email me or call my cell (509)322-7348.

Thank you,

Connie Chaney
